How to install Advantage Air APK

Getting Started

- To find out which Advantage Air system is installed in your home, go to your wall mounted touch screen and check the name and icon of the app installed.
- Please use the latest version of Second Google chrome browser and follows the Installation procedure below.

APK Installation

Step 1: Download the APK that matches your system from "Android Apps"

download page. (https://www.advantageair.com.au/apps)

> If you encounter these pop ups, press "Continue" and then "ALLOW".

Chrome needs storage access to download files.	Allow Chrome to access photos, media and files on your device?
Continue	DENY ALLOW
If you encounter this pop up. Press "OK".	
This type of file can harm your device. Do you want to keep X app-myplace-release-15.674.apk anyway?	
Cancel	
Step 2: After the file is downloaded, press "Open".	
✓ app-myplace-release-15.674.apk. Open	×
If you encounter this pop up. Press "SETTINGS".	
Chrome	
For your security, your phone is not allowed to install unknown apps from this source.	
	CANCEL SETTINGS
Press the toggle switch to allow Chrome to run the APK.	
\blacktriangleright Press the \triangleleft back button on the bottom navigation bar.	

Step 3: Press "Install".
