Controlling MyAir from a Microsoft Windows 7 machine

Overview

These instructions fall into five parts:

- 1. Install BlueStacks onto a Microsoft Windows 7 PC
- 2. Install the Google Play Store onto BlueStacks
- 3. Install MyAir using the Play Store website
- 4. Download Remote Access Software

Note: BlueStacks may be supported by Microsoft Windows XP and Microsoft Windows Vista, but it has not been thoroughly tested and there may be additional steps that need to be performed.

Before starting

- You need to have a MyAir system with a MyApp that is connected to your home router, and be sure that your iPhone or Android device is compatible (check Advantage Air website).
- The computer you are planning to use must be connected by Wi-Fi or by cable to the same router.

Installing BlueStacks

(The screenshots are taken from Internet Explorer 9 – other browsers may differ slightly)

- 1. Login to your Microsoft Windows 7 computer as an Administrator or a user account that is allowed to install programs
- 2. Open a web browser and go to http://bluestacks.com
- 3. Click on 'Download Now'.

4. Choose to 'Run'

- 5. Once the program has downloaded you may be prompted with a security warning:
- 6. Choose 'Run' again and the BlueStacks Install Wizard will start.

7. Read the terms and conditions of use and if you agree tick the 'I Accept the Terms in the License Agreement' box and press 'Next' to continue.

Install the Google Play Store on Blue Stacks

Click on app search

1. Enter "MyAir" and install MyAir by Advantage Air

2. Google Play will ask if you want to add an account. Click yes to add an account.

3. If you already have a Gmail or Google account you can use it to log in or create a new account.

4.

11. Click the arrow button (bottom left) twice to get back to the android desktop.

Install MyAir using the Play Store website

- 1. Open the web browser of your computer
- 2. Go to <u>http://play.google.com</u> and click on the Sign in on the top right.

3. Enter the same details that you used in BlueStacks.
