

MyPlace Scenes

Scenes allow you to set your aircon, lights and other items the way that you want them from a single button.

Master Scenes

[MyAir](#) [MyPlace](#) [MyLights](#)

All Master scenes except MyEco can be edited from your wall mounted touch screen by pressing the Edit (pencil) button.

Custom Scenes

MyAir, MyLights and MyPlace share a common scene page where you can customize aircon, lights and other items using the same scene.

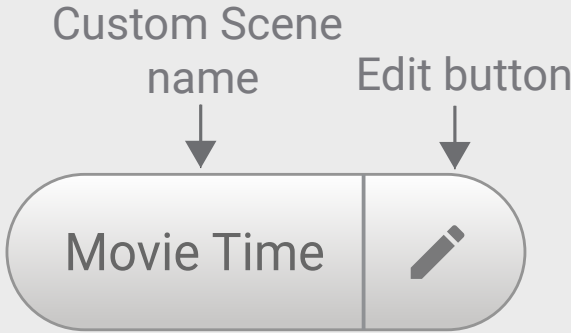

Setting the Scene

Custom Scenes are your user created Scenes and can do the following when run:

- [MyAir](#)
- set your aircon and zones
- turn aircon ON/OFF
 - change the temperature, aircon mode & fan speed
 - enabled/disabled zones, motion sensor & Fresh Air
 - change your MyZone

- [MyPlace](#)
- set your garage door, blinds and other items
- switch ON/UP/OPEN;
 - switch OFF/DOWN/CLOSED

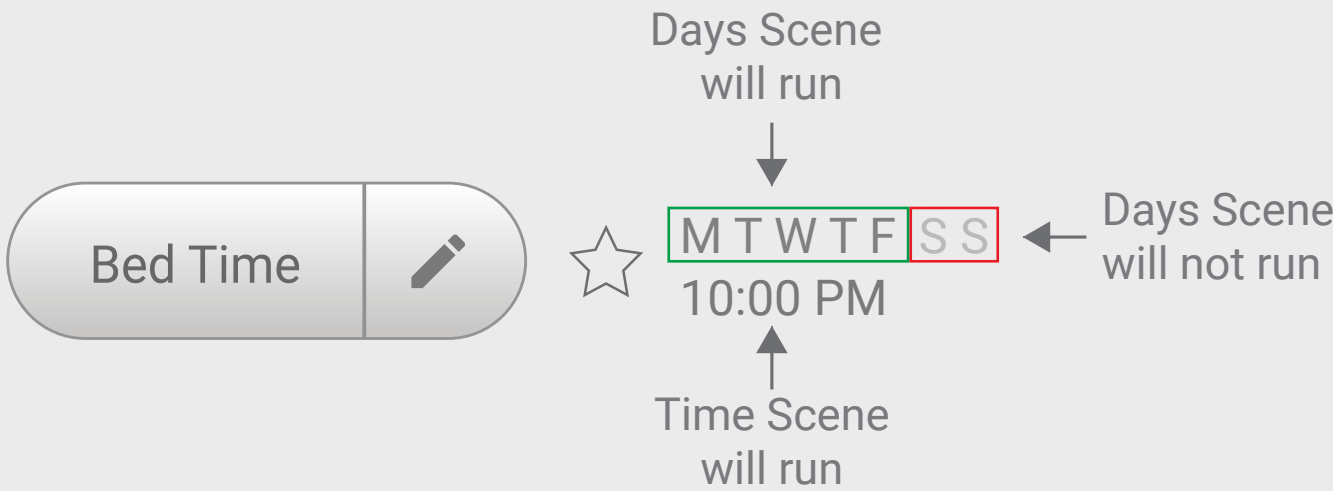

- [MyLights](#)
- set dimmable & normal lights
- switch light ON/OFF
 - change the brightness level

Use your wall mounted touchscreen to add and personalise your scene.

Setting the Time

Custom Scenes can be scheduled to run in certain days and time. When a schedule is enabled, the time and days will be displayed in your wall mounted touch screen.

Creating a Scene

Custom scenes are created by pressing the plus button in your wall mounted touch screen. You can have up to 12 Custom Scenes.

In the popup box, select what you want to include in the scene and then press the add button.
(only applicable if you have more than one [My](#) tab)

- ☐ MyPlace
- ☒ MyAir
- ☒ MyLights

See the Scene Editor help page for more info.

Editing a Scene

Custom Scenes can be edited by pressing the pencil (edit) button.

See the Scene Editor help page for more info.

Favourite Scenes

[MyAir](#) [MyPlace](#) [MyLights](#)

Favourite (starred) Scenes appear on the Home screen. You can choose up to 4 favourite scenes. These 4 Scenes can be a mix of Master Scenes and your Custom Scenes.

Set a Favourite Scene by pressing the star icon next to the Scene button.

Tip: When you add a new scene, the scene setup will match how your house is currently set, except for garage door and blinds which are not selected by default.

Scenes allow you to set your aircon, lights and other items the way you want them from a single button.
